

Majčin dan

Radovi učenika 6. a za Majčin dan

♥ Mother's day ♥

For your day dear mom
thank you very much,
for every word, smile and touch
you gave me

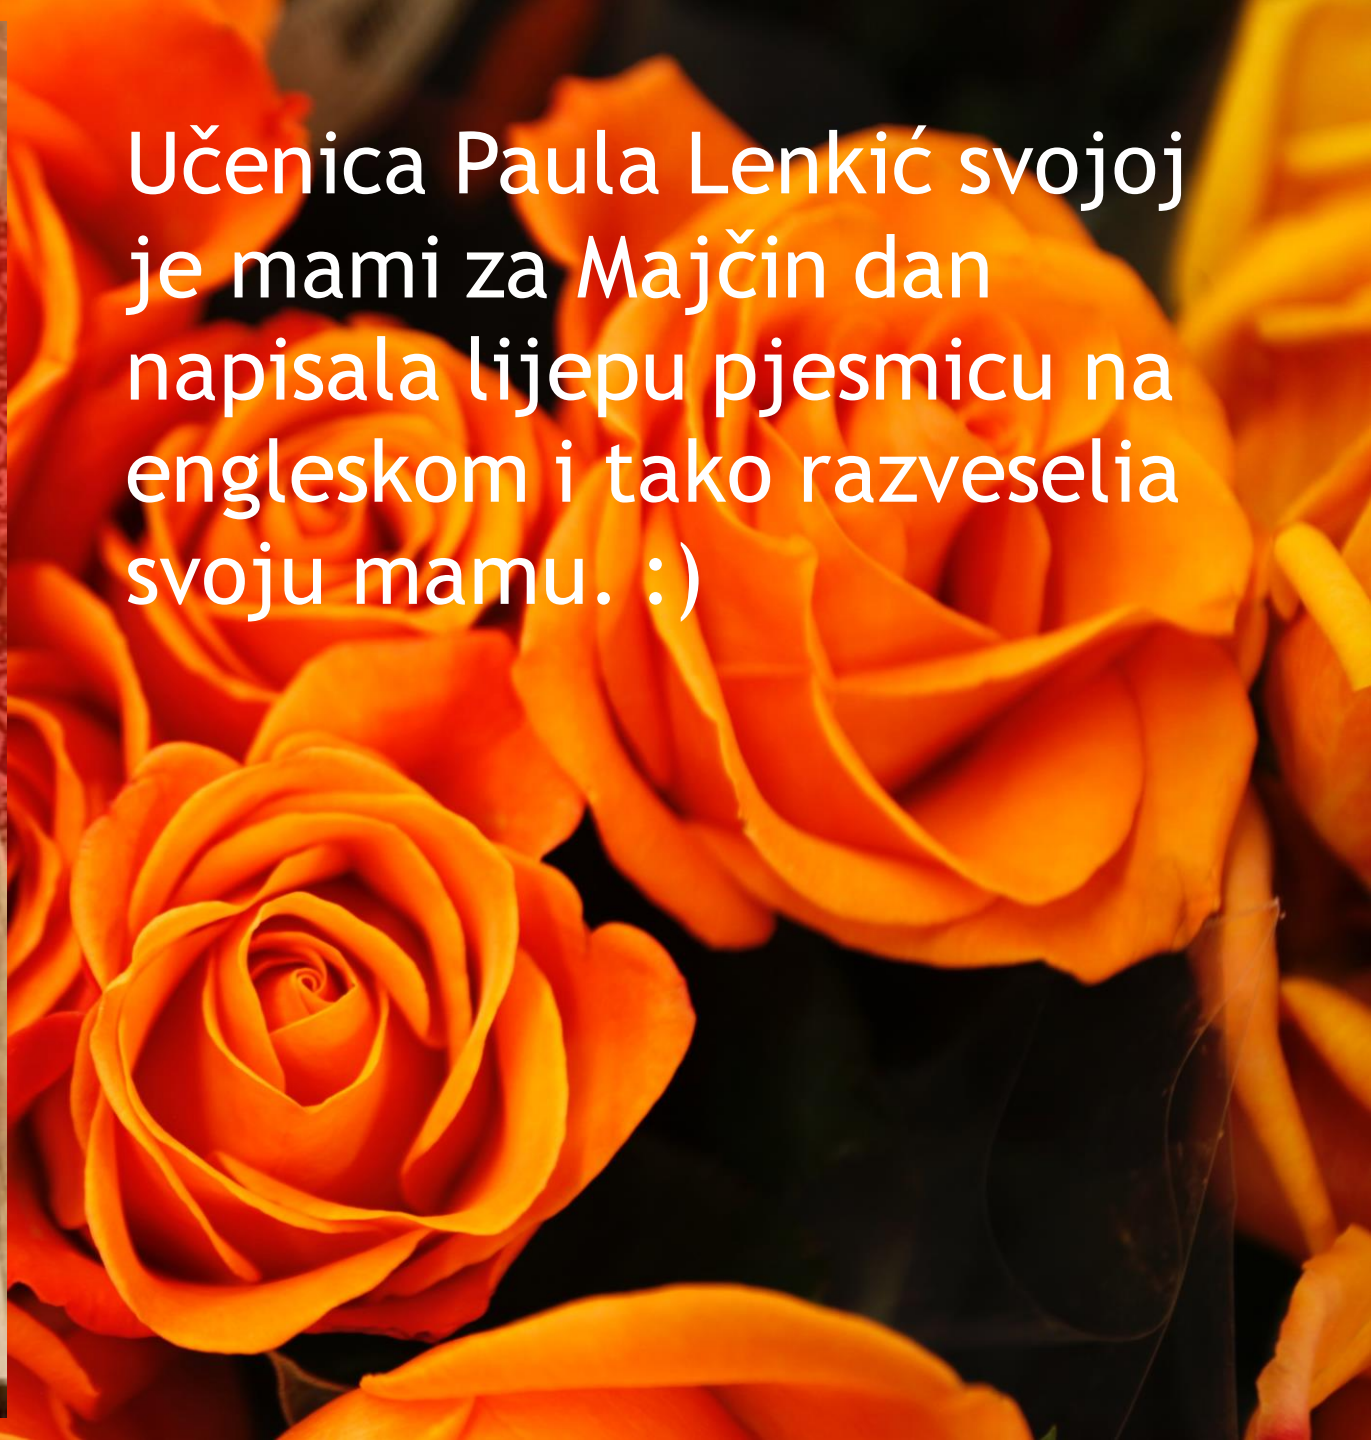

I'll give you a little flower, but
I'll give you the whole world
Let the sun shine on your
hand magical

because in the world you are
everything to me and know
mom I LOVE YOU!

♥ I love you MOM ♥

Učenica Paula Lenkić svojoj

engleskom i tako razveselila
svoju mamu. :)

Mothers' day

The person who is always with me and my dearest is my mother.

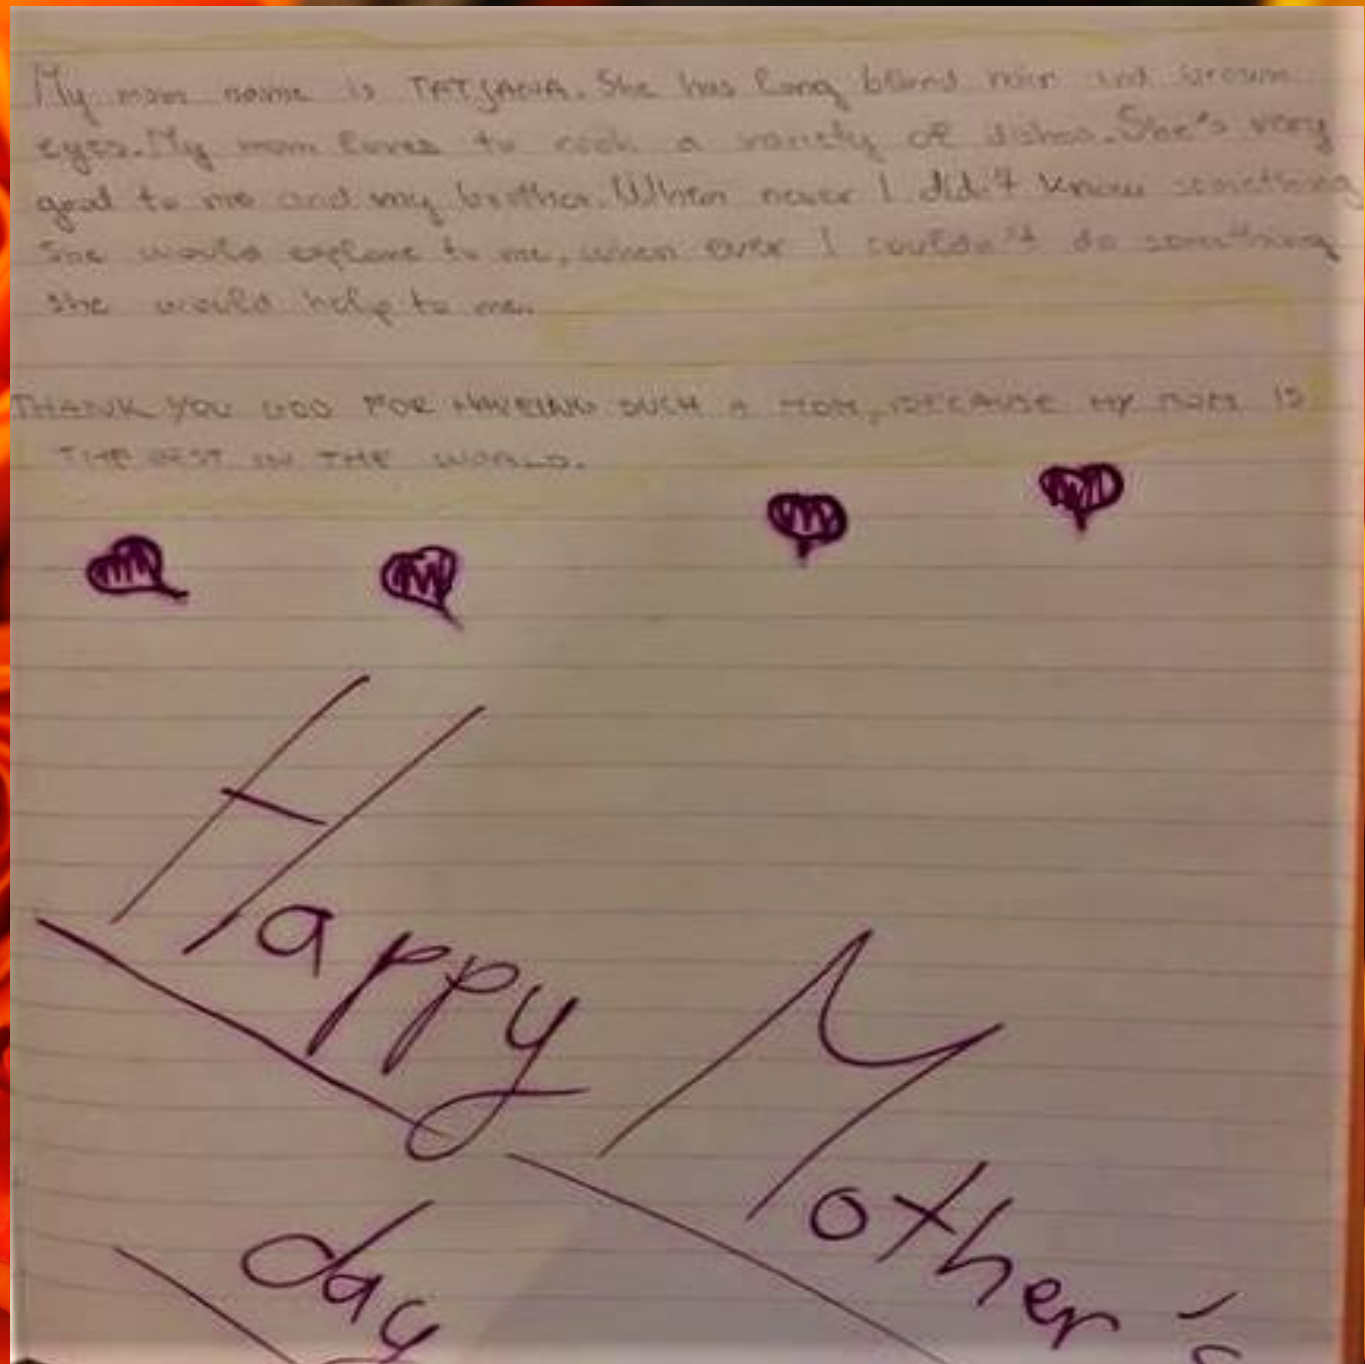

My mom is called Ana. She has long brown hair, and brown eyes. She loves to make cakes. She would do anything for me and my family. When it is hard, she is always with me. She is very hardworking and tired. Sometimes she gets mad at me, but forgives me quickly.

She is the best mom ever

Jere Sikirić isto je napisao sastav na engleskom o svojoj mami. :)

Dino Režan nacrtao je ovaj predivan crtež i njime ukrasio ovu prezentaciju. ;)

Vita Karban je napisala
nekoliko prelijepih
stihova za svoju
majku. <3

My mom

She has eyes like the sea
Her hands gentle like silk
My mom looks like paradise fairies
Like an angel she loves and kisses me
I pray for her every day
She is of good soul and of a soft heart
It warms me like a hot sun

Angelo Kero je napisao kratki, ali lijepi sastav za svoju mamu.

Franka Šimunić je
kroz umjetnost
prikazala
predivnu majčinsku
ljubav. <3

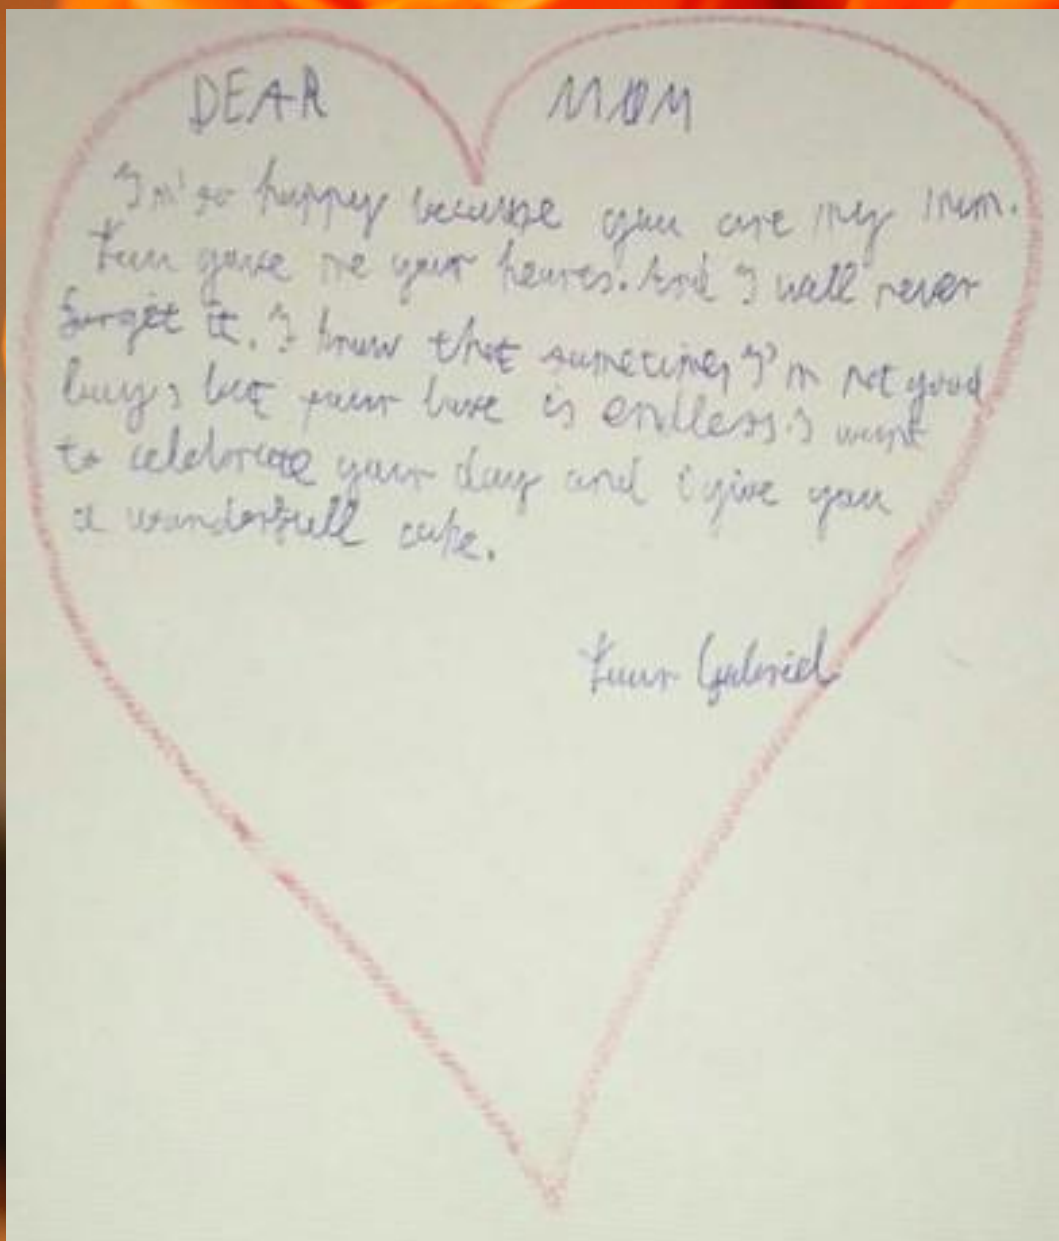

HAPPY
MOTHER'S

DAY

YOU ARE MY
EVERYTHING

DEAR

MOM

I'm so happy because you are my mom.
You gave me your heart. And I will never
forget it. I know that sometimes I'm not good
but your love is endless. I want
to celebrate your day and give you
a wonderful cake.

Your Gabriel

Gabriel Lonić je svojoj
mami za Majčin dan
napravio predivnu
čestitku. :)

Viktoria Budanović je
napisala prelijepu
pjesmicu za svoju
mamu. :)

Mother's day

This is very special day for every mom
and they feel beautiful like a royal palm.
Every year I give her a card
because she is the best and deserves award.

When I see my mom's smile which is divine,
her happiness is impossible to describe.
If you ever need a hug,
I'll be there to cheer you up.

My dear mom, I love you very much,
you're the best in the whole world.

Mother's day

They are here for us in the deepest dark
When anything happens we talk to our mum
When you have mother you are never alone
She is like your one strong bone.

She will be there for you any time
until one day you have to say goodbye
She will be there any moment
whenever you're sad she will give you a
good comment

You exist because of her so,
if you aren't grateful you better be
now go give her a big kiss and hug if
you still can.

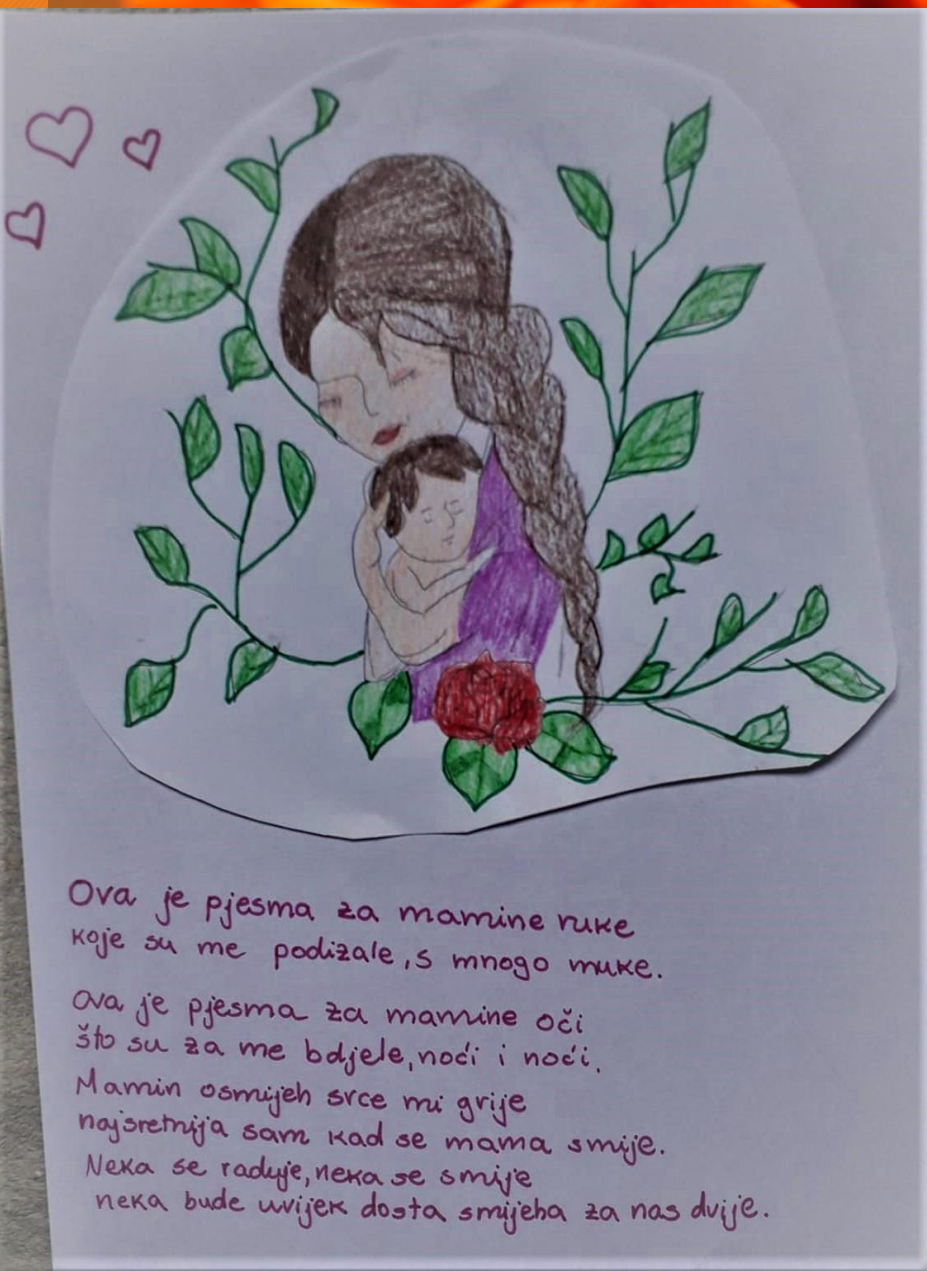

Don't be sad if you can't you
will one day
she is looking at you right now
and you don't even know how
One day you will see her so beautiful
that you will say "Wow!"

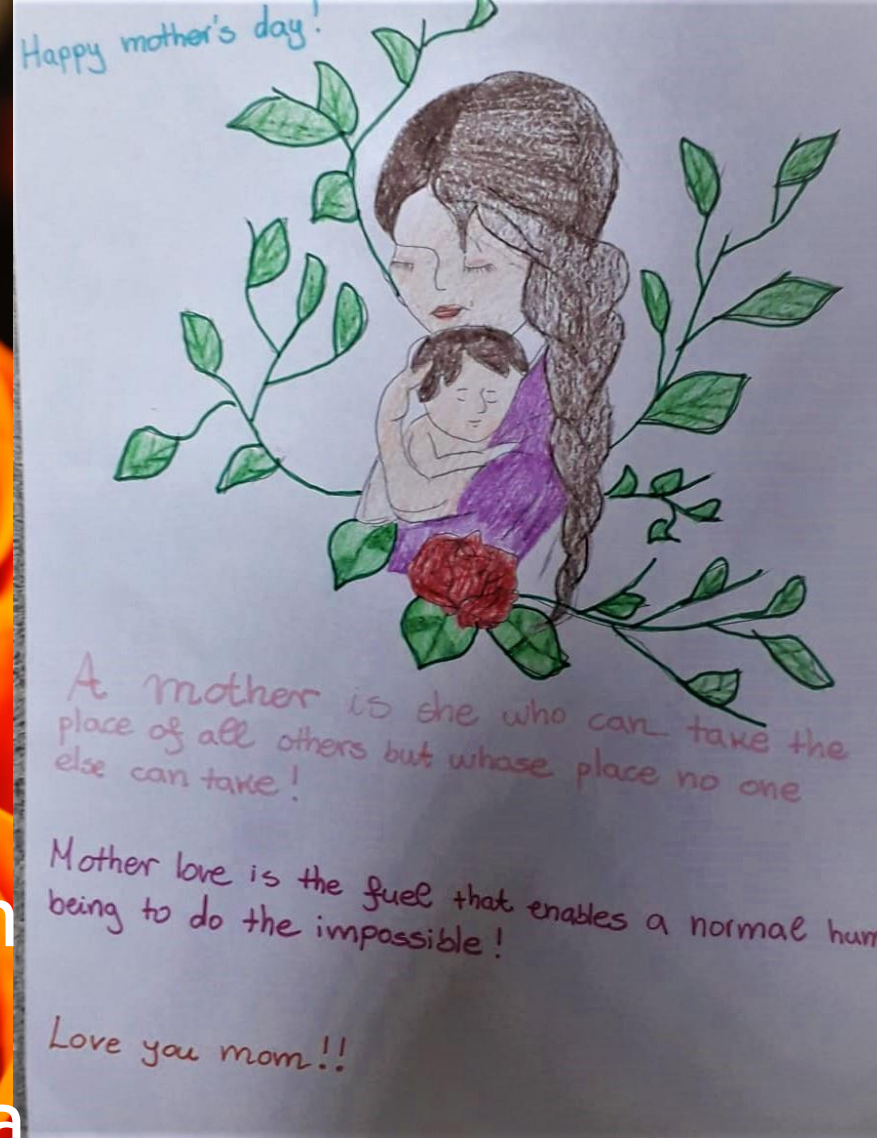

Izabela Kero

Izabela Kero je napisala pjesmicu i nacrtala predivne crteže. Nacrtala je svoju mamu jako dobro. Sigurno ju je jako razveselila.

Zara Kero je napisala dvije pjesmice za mamu. Jednu na hrvatskom i jednu na engleskom i ukrasila ih divnim crtežima.
;))

Majčin dan

Draga mama,
hvala ti što si sve najbolje činila nama,
hvala ti na svemu,
jer kad je bilo potrebno
bila bi sa mnom u problemu.

Kad sam se ja bojala,
ti si bila hrabra,
kad mi je bila potrebna tvoja pomoć
pričale bi i do ponoć.

Sve što mogu poželjeti,
ti si mi omogućila
i zato sam sada odlučila:
da ću biti više zahvalna na svemu što imam,
i da ću ti govoriti hvala pa sve i dok snivam!

Sada znam da svaka mama ima moći,
jer nakon previše neprospavanih noći,
da si toliko prepreka s nama mogla proći,
sada ti mogu ponosno reći,
dok te gledam ravno u oči,
i reći ti: **MAMA HVALA!**

Ja (Laura Karaban) sam također napisala dvije pjesmice za svoju mamu. Jednu na hrvatskom i jednu na engleskom. Dodala sam jedan lijepi citat Georgea Washingtona, prvog američkog predsjednika.

Mother's Day

Dear mum, you're the best,
so this week you can take your rest.
I'll do house chores,
so you'll see good scores!

You will drink your coffee without my sisters and me
so you'll enjoy in beautiful sea.
I'll look after my baby sister,
she'll watch Bean Mister.

We are always near you,
the reason is: We love you!

I know you're so tired of us,
so we'll spend our time together on the grass!

I know we are pain in the neck,
but WE LOVE YOU TO THE MOON AND BACK!

All I am I
owe to my
mother.

-George Washington

HVALA NA PAŽNJI I
SVIM MAMAMA ŽELIM
SRETAN MAJČIN DAN!!!
